Surgical Technology

Degree Program

ST13

Program Description

The Surgical Technology degree program prepares students for employment in a variety of positions in the surgical field. The Surgical Technology degree program provides learning opportunities which introduce, develop, and reinforce academic and technical knowledge, skills, and attitudes required for job acquisition, retention, and advancement. In addition, the program provides opportunities to upgrade present knowledge and skills or to retrain in surgical technology. Graduates of the program receive a Surgical Technology Associate of Applied Science degree and are qualified for employment as surgical technologists as well as eligible to sit for the Certified Surgical Technologist (CST) examination through the National Board of Surgical Technology and Surgical Assisting (NBSTSA).

Program Specific Information

See program webpage for admission dates and specific program entrance requirements.

Additional Admissions Requirements

A competitive admission process, including the TEAS entrance exam and successful completion of core courses, is used to select students for the program. Also required for graduation are a specific number of clinical scrub cases. See program webpage for detailed information.
