Program Description
The Radiologic Technology associate degree program is a sequence of courses that prepares students for positions in radiologic departments and related businesses and industries. Learning opportunities develop academic, technical, and professional knowledge and skills required for job acquisition, retention, and advancement. The program emphasizes a combination of didactic and clinical instruction necessary for successful employment. Program graduates receive a Radiologic Technology Associate of Applied Science degree and are eligible to sit for the national certification exam to become a registered radiologic technologist. The exam is administered by the American Registry of Radiologic Technologist.
