Leadership Team Approval Date:	April 16, 2024
State Board Approval Date:	March 25, 2024
Crosswalk Completed (Yes or NA)	Yes

Rationale for Internal Decision:

New Programs: SACSCOC policy dictates that a new program created from existing approved courses (i.e. a “repackaging”) where there is less than 25% new content is not considered a substantive change.

Program Length: Changes to curricula where "program credit hours (or an equivalent or comparable measure of progress such as clock hours or demonstrated competencies) increase or decrease by 25% or more" AND "students' expected time to completion increases or decreases by more than one term or its equivalent or comparable measure" is not considered a substantive change.

Program Closures: The SACSCOC *Substantive Change Policy and Procedures* states: “Program closure is not required for a specialization embedded within a discipline-specific program.” This applies to TCCs within a program group with a degree or diploma: terminating one or more TCCs but keeping the program group open is not considered a substantive change.

Substantive change requests and decisions are archived in the College’s [Substantive Change Log](#).

IE Analysis of Significant Departure and Decision:

This is a new award consisting entirely of repackaged content from Lanier Technical College’s existing Practical Nursing Certificate and Interdisciplinary Studies AAS programs. As there is no new content, this is not a substantive change.
