TEAS Score

The Test of Essential Academic Skills (TEAS) for Allied Health measures basic academic preparedness in the content area domains of reading, mathematics, science, English and language usage. To be valid for the PTA program, *the ATI-TEAS for Allied Health exam may be taken no more than 2 times in a calendar year with 30 days between each test attempt. No TEAS test accepted greater than 5 years old. Only “on-campus” TEAS Test Scores are accepted.*

Your ATI-TEAS for Allied Health exam must be taken at Lanier Technical College or you must have your scores sent to Lanier Technical College. There is a fee to have your scores sent to Lanier Technical College. In addition, please include the paper copy of your test results with your application. The program will no longer accept only the paper copy with your application.

The minimum score on the ATI TEAS Test to be considered a qualified applicant is 70.0%

Have you previously applied to the Lanier Technical College PTA program? Yes No

I hereby apply for admission to the PTA Program for Spring Semester 20 ____ and certify this application is both correct and complete. I have read the application packet, including the essential abilities required and understand the application and selection processes. I further understand that any failure on my part to comply with these processes will result in the cancellation of my application. I am aware of the competitive nature of the application process for the PTA program and understand that meeting all minimum requirements does not guarantee admission into the program.

Instructions for Prerequisite G.P.A. Forms---EXAMPLE

Each G.P.A. form MUST BE COMPLETED & included with your application packet.

- An example of how to calculate a G.P.A. has been provided below. Utilize the **Prerequisite G.P.A. Form** at the bottom of this page calculate your grade point averages and record the averages on Page 1 of the application.
- If you are enrolled in a course or intend to enroll in a prerequisite course and do not have a grade at the time the form is completed, do not include the number of credit hours or quality points in the respective (QH) or (QP) columns; simply place an X in the boxes (QH) and (QP) next to the required course identified. Please indicate the course is to be taken or currently in progress in the column where the grade would be recorded. Simply write "in progress" or indicate when you plan to take the course.

Where Course Was Completed	Course Identification	QH (Quality Hours) Credit Hours per course	Multiply	EV (Equivalent Values) Of the earned Letter Grade A=4, B=3, C=2, D=1, F=0	Equals	QP (Quality Points) $QH \times EV = QP$
CSU	ENGL 1101	3	x	4	=	12
CSU	MATH 1110	3	X	3	=	9
CSU	BIOL 2113/L	4	X	3	=	12
UNG	BIOL 2114/L	4	X	3	=	12
UNG	PSYC 1101	3	X	4	=	12
LTC	PSYC 2103	3	X	3	=	9
LTC	HUMN 1101	3	X	4	=	12
LTC	PHYS 1110/L	4	x	2	=	8
Total QH:		27		Total QP:		86
$86 \text{ QP} / 27 \text{ QH} = 3.19 \text{ GPA}$						

1. Once all information has been placed in the appropriate column, total the QH column (number of credit hours **QH**) for the courses that have been completed. If a grade has not been earned, simply place an **X** in the **QH** column for that course.
2. The equivalent value must be assigned for the grade earned for the course. If you earn an A, then it is equivalent to a 4, and so on. (A=4, B=3, C=2, D=1, F=0) If a grade has not been earned, simply place an **X** in the **QP** column for that course.
3. Calculate the **QP** for each course by multiplying number of credit hours (QH) by the equivalent value of the grade earned for the class.
4. Total the last column, quality points/**QP**, and then complete the formula **Total QP ÷ Total QH = G.P.A**
5. Complete the **Prerequisite G.P.A. Form** below and record averages on Page 1 of the application.
